RE: Proceeding # 05-247

Dear Sirs:

I am a Continental Airlines frequent flyer and member of its Presidents Club. I support Continental's Petition to the FCC. I want Continental to be able to continue to provide its own wireless service to me and other members at Boston Logan and other airports, which is a free service. I rely on Continental's seamless service wherever I fly. It is not reasonable that Boston Logan should be able to limit the services that a quality company such as Continental is making available to its customers in the extremely competitive environment in which it operates. I implore you to consider what best serves the traveling public, please. Thank you for ensuring the right of the public to use the wireless service of its choice.

Sincerely,

Craig Nelson
